POPULATION AND DWELLINGS IN LOCAL GOVERNMENT AREAS

SOUTH AUSTRALIA

31ST DECEMBER 1965

SCOPE

This bulletin shows the area, number of private dwellings, and population, in each statistical division and local government area in South Australia at the Census of 30th June 1961 with estimates at 31st December 1965.

The estimate of State population at 31st December 1965 is based on Census population plus natural increase and recorded net migration.

Changes in the estimated populations of local government areas are based mainly on changes in the recorded numbers of private dwellings and changes in occupancy of major hostels, camps, etc.

Private dwellings consist mainly of private houses, shares of private houses, flats, and apartments, and include both occupied and unoccupied dwellings. Hostels, boarding houses, hotels, hospitals and other institutions, and small holiday houses built since the 1961 Census have been excluded.

The December 1965 estimates of private dwellings have been derived from the 1961 Census results and from the latest available information on completion of new dwellings, demolition of houses, and conversion of houses into business premises.

Particulars of the demolition and conversion of dwellings and of inter-state movement of population are incomplete; hence estimates of both population and dwellings are subject to amendment as more definite information becomes available.

Estimated populations have been rounded to the nearest hundred persons for metropolitan municipalities and to the nearest fifty persons for all other local government areas. In all local government areas estimated numbers of private dwellings have been rounded to the nearest ten. Some minor changes in population figures for December 1965 may be the result of "rounding".

Because of the factors mentioned above ESTIMATES FOR INDIVIDUAL LOCAL GOVERNMENT AREAS SHOULD BE REGARDED AS PROVIDING A GENERAL GUIDE ONLY.

COMMENT

It is estimated that in the six months ended 31st December 1965 the State population increased by 10,392 persons (0.99 per cent).

The population of the Metropolitan Area is estimated to have increased by 2,600 persons, the largest estimated increases for individual municipalities being 800 in Campbelltown and West Torrens, 700 in Enfield, and 500 in Mitcham.

For the near-metropolitan area the estimates show continuing growth in the municipalities of Elizabeth and Salisbury (estimated increases of 1,000 persons and 1,550 persons respectively), and in the district councils of Tea Tree Gully (1,950 persons), and Munno Para (1,650 persons, mostly in the vicinity of Elizabeth).

In other country areas the greatest change was an estimated increase of 1,150 persons to a total of 20,100 persons in Whyalla.
